

Demonstrate Your Commitment to Tenant Well-Being

Office Building Program

“
RESTROOMS are
the #2 source of
tenant complaints
in office buildings.’
”

Broken dispensers, dripping spouts, and runny gallon soap require extra maintenance time and may not meet your expectations. A soap system upgrade is an easy and impactful way to improve the tenant experience.

Take the Extra Step to Show Tenants You Care.

Demonstrate your commitment to tenant well-being with the GOJO Office Building Program. Only GOJO offers:

- The most reliable, lowest maintenance soap dispensers
- Specialty botanically-infused soaps that tenants appreciate
- PURELL® – the hand sanitizer brand employees know and trust
- Affordable programs that maximize quality

The GOJO Commitment

Since 1946, family-owned GOJO Industries has focused on improving well-being through innovative skin care. We are the market and technology leader in touch free restroom soap and the inventors of PURELL and the instant hand sanitizer category. Sixty years ago we invented the first portion controlled soap dispenser. Today we lead in sustainability by setting a new standard in recycling ease, material minimization, and eco-friendly formulations that employees love.

Tenants appreciate it when you do a little bit more to reinforce that their building is clean and healthy.

A Higher Standard in Counter Mount Soap Dispensing

INTRODUCING CXT™
Reliable, luxurious soap dispensing from a **superior metal fixture**

At GOJO, soap dispensing innovation is a company focus, not a sideline. We invented the first touch free foam counter mount dispenser, and CXT represents a decade of in-market understanding of the reliability and design needs of office buildings.

DRIP-FREE, MESS-FREE
Patented GOJO NEAT DISPENSE™ design eliminates dripping.

INSTALL IT, FORGET IT
Strength tested zinc die cast construction.

SUBMERSIBLE, WATERPROOF SPOUT SENSOR
Guaranteed performance - even in wet environments.

MACHINED BRASS STEM AND NUT
Enables a tighter fit than with plastic components.

ADAPTABLE SWIVEL MOTOR HOUSING DESIGN
Offers more mounting options in cramped under-sink spaces.

EXTENDED BATTERY LIFE
Offers up to 45,000 actuations on one set of alkaline D batteries (included).

GOJO® GREEN CERTIFIED FOAM HAND CLEANER
A sustainable solution that tenants prefer over liquid soap. Packaged in a SANITARY SEALED™ refill cartridge.

The GOJO Counter Mount Platform

A range of high quality counter mount soap dispenser options to best suit your building's restroom needs.

CX™ – Manual

Drip-free NEAT DISPENSE™ Design

No batteries required

Chrome plated finish

No electronics

Fixed below-counter housing design fits most spaces

–

Chrome plated finish

Water resistant electronics

Fixed below-counter motor housing design fits most spaces

–

CXT™ – Touch Free

Drip-free NEAT DISPENSE Design

Up to 45,000 use battery life

Solid zinc die cast metal

Submersible, waterproof electronics

Swivel below-counter motor housing design, fits the most cramped locations

Four finishes - Chrome, Gold Tone*, Rose Gold*, Brushed Nickel*

* Special order finish options. Allow 10 weeks additional lead time.

Touch Free Dispensing Designed for Maintenance Ease

New specialty botanically-infused soaps feature natural moisturizers and light, refreshing scents. Factory-sealed refill cartridges lock out bacteria and ensure each person has the same refreshing experience.

NEVER REPLACE BATTERIES AGAIN
The GOJO® LTX™ dispenser is the first touch free dispenser that is designed to never require a battery change out². Patent-pending technology enables GOJO to optimize energy use, so that each time the dispenser actuates it uses a minimal amount of energy. Batteries are included and pre-installed.

Add PURELL® Hand Sanitizer to Communicate a Higher Standard of Cleanliness

#1 Brand

Placing PURELL Instant Hand Sanitizer in your building is a cost-effective way to show you are doing a little bit extra to care for tenant well-being.

“
25% of people don't wash their hands after using the restroom;³ **46%** don't wash long enough to be effective.⁴
”

PURELL Perfect Placement at Restroom Exits.

Employees appreciate PURELL sanitizer where they are most aware of building cleanliness. They use PURELL sanitizer when exiting rather than grabbing a paper towel to open the door handle.

Lifetime battery performance and touch free dispensing without the maintenance hassle.

Mount the PURELL dispenser inside the restroom, on the wall by the exit door (next to the door handle), and 36"- 40" off the floor.
