

HEALTHCARE™

Product Solutions *for Surfaces & Skin*

Surface Disinfecting

Bleach-Based Products

One-Step, Ready-to-Use Disinfectants at a 1:10 Bleach Dilution. Recommended by CDC Guidelines, Supported by Science.

Clorox Healthcare™ Bleach Germicidal Wipes

Trusted by more hospitals than any other bleach wipe

Kills *C. difficile* spores
in 3 minutes — the fastest
contact time available*

- EPA-registered to kill 51 microorganisms and 12 antibiotic-resistant organisms in 3 minutes or less
- 30–60 second contact time for most bacteria and viruses, 1 minute for Norovirus and 3 minutes for TB and *C. difficile* spores
- Specially formulated with an anticorrosion agent for broad surface compatibility
- Odor-masking formula for patient and staff comfort

EPA Reg. No. 67619-12

Multipurpose Wipes

6.75" x 9" wipe size 6/70 ct. Item No. 35309

Clinical Wipes

6" x 5" wipe size 6/150 ct. Item No. 30577

Terminal Wipes

12" x 12" wipe size 2/110 ct. bucket Item No. 30358
12" x 12" wipe size 2/110 ct. refill Item No. 30359

Clorox Healthcare™ Bleach Germicidal Cleaners

Trusted by more hospitals than any other bleach products

- EPA-registered to kill 42 microorganisms and 10 antibiotic-resistant organisms in 5 minutes or less
- 1-minute contact time for most bacteria and viruses, 30 seconds for TB, 1 minute for Norovirus and 5 minutes for *C. difficile* spores
- Specially formulated with an anticorrosion agent for broad surface compatibility
- Available in three forms — ready-to-use spray for broad coverage, pull-top for direct application and convenient refill bottles

EPA Reg. No. 56392-7

Spray

8/22 fl. oz. Item No. 68967
6/32 fl. oz. Item No. 68970

Pull-Top

6/32 fl. oz. Item No. 68832

Refill

6/64 fl. oz. Item No. 68973
4/128 fl. oz. Item No. 68978

Dispatch® Hospital Cleaner Disinfectant Towels with Bleach

Light fragrance, broad-spectrum surface compatibility

- 1-minute contact time for a broad range of microorganisms, 1 minute for Norovirus, 2 minutes for TB and 5 minutes for *C. difficile* spores

Individual Wipe

7" x 8" wipe size 6/50 ct. Item No. 69101

Patient Transport Pack

8" x 10" wipe size 24/40 ct. Item No. 69240

Soft Pack

9" x 10" wipe size 12/60 ct. Item No. 69260

*Based on master labels as of 7/1/2012.
Use as directed on hard, nonporous surfaces.

Surface Disinfecting

Non-Bleach-Based Products

One-Step, Ready-to-Use, Non-Bleach Disinfectants with No Harsh Odors or Fumes.

Clorox Healthcare™ Hydrogen Peroxide Disinfectant Wipes

The fastest non-bleach disinfecting times available†

- EPA-registered to kill 38 microorganisms, including 13 antibiotic-resistant organisms
- 30-60 second contact time for most bacteria and viruses, 3 minutes for Norovirus and 5 minutes for TB
- No harsh chemical odors or fumes
- Covers greater surface area with fewer wipes versus PDI® Super Sani-Cloth® and CaviWipes™

EPA Reg. No. 67619-25

Multipurpose Wipes 6.75" x 9" wipe size	6/95 ct.	Item No. 30824
Clinical Wipes 6.75" x 5.75" wipe size	6/155 ct.	Item No. 30825
Terminal Wipes 12" x 11" wipe size	2/185 ct. bucket	Item No. 30826
12" x 11" wipe size	2/185 ct. refill	Item No. 30827

Clorox Healthcare™ Hydrogen Peroxide Disinfectant Sprays

The fastest non-bleach disinfecting times available†

- EPA-registered to kill 41 microorganisms, including 13 antibiotic-resistant organisms
- 30-60 second contact time for most bacteria and viruses, 1 minute for Norovirus and 4 minutes for TB
- No harsh chemical odors or fumes
- Superior cleaning speed vs. competitor quat-based sprays

EPA Reg. No. 67619-24

Spray	9/32 fl. oz.	Item No. 30828
Refill	4/128 fl. oz.	Item No. 30829

Clorox® Broad Spectrum Quaternary Disinfectant Cleaner

EPA-registered to kill 90 microorganisms

- Kills bacteria, including representatives of ESKAPE pathogens, in 2 minutes
- Formulated with powerful grease-cutting agents to clean tough messes, yet suitable for use on most hospital surfaces
- Alcohol-free, fragrance-free with no harsh chemical odors or fumes

EPA Reg. No. 67619-20

Spray	9/32 fl. oz.	Item No. 30649
Refill	4/128 fl. oz.	Item No. 30651

Citrace® Hospital Germicide

Disinfects & deodorizes with a light, fresh citrus scent

- Disinfects in 5 minutes or less
- Kills 99.9% of bacteria in 30 seconds
- Eliminates odors
- Inhibits the growth of mold and mildew on fabric

EPA Reg. No. 56392-2

Spray	12/14 fl. oz.	Item No. 49100
--------------	---------------	----------------

†Based on 30-second non-TB bacteria and virus contact times for general disinfecting on Federal master labels as of 10/1/11. Use as directed on hard, nonporous surfaces.

Skin Antisepsis

Povidone-Iodine & Chlorhexidine Gluconate (CHG)

FDA Registration Number in Connecticut: 1220701, FDA Registration Number in West Virginia: 1120159

Aplicare® Povidone-Iodine Scrub

Cleanser for patient preoperative skin preparation

- Meets CDC, AORN and APIC guidelines for skin antisepsis
- Broad-spectrum efficacy against skin pathogens
- Formulated with detergents for a rich golden lather for enhanced cleaning

Povidone-Iodine Scrub 7.5%

Screw Cap

48/2 fl. oz. Item No. 82-223
12/16 fl. oz. Item No. 82-227
12/32 fl. oz. Item No. 82-220
4/128 fl. oz. Item No. 82-211

Flip Top

72/4 fl. oz. Item No. 82-212
24/8 fl. oz. Item No. 82-247

Pump

12/16 fl. oz. Item No. 82-279

Povidone-Iodine Scrub 7.5% — Single Swabsticks

10 boxes of 50/case Item No. S-102

Aplicare® Povidone-Iodine Solution (Paint)

Efficacy for patient preoperative skin preparation

- Meets CDC, AORN and APIC guidelines for skin antisepsis
- Broad-spectrum efficacy against skin pathogens
- Multipurpose: Appropriate for disinfecting of wounds and burns and emergency antiseptic treatment of lacerations and abrasions

Povidone-Iodine Solution (Paint) 10% — Bottles

Screw Cap

48/2 fl. oz. Item No. 82-222
12/16 fl. oz. Item No. 82-226
12/32 fl. oz. Item No. 82-219
4/128 fl. oz. Item No. 82-209

Flip Top

72/4 fl. oz. Item No. 82-255
24/8 fl. oz. Item No. 82-217
12/16 fl. oz. Item No. 82-226F

Pump Spray

24/2 fl. oz. Item No. 82-332

Povidone-Iodine Solution (Paint) 10% — Single Swabsticks

10 boxes of 50/case Item No. S-1101

Povidone-Iodine Solution (Paint) 10% — Triple Swabsticks

10 boxes of 25/case Item No. S-3101

Aplicare® Povidone-Iodine Gel

One-step site preparation for blood draw

- Meets CDC, AORN and APIC guidelines for skin antisepsis
- Meets FDA guidelines for one-step site preparation prior to blood draw
- Broad-spectrum efficacy against skin pathogens
- Thicker viscosity helps prevent dripping, running and pooling

Povidone-Iodine Gel 10%

Screw Cap

48/2 fl. oz. Item No. 82-269

Povidone-Iodine Gel 10% — Single Swabsticks

10 boxes of 50/case Item No. S-1138

Aplicare® Chlorhexidine Gluconate (CHG) Solution

Multipurpose topical antiseptics for patient and staff protection

- FDA-approved for use as patient preoperative skin preparation, surgical hand scrubbing, healthcare personnel handwashing, skin wound and general skin cleanser
- Fast-acting and persistent antimicrobial action
- Broad-spectrum efficacy against skin pathogens
- Gentle for patients and staff

4% Chlorhexidine Gluconate Solution

Flip Top

48/4 fl. oz. Item No. 82-286
24/8 fl. oz. Item No. 82-287

Pump

12/16 fl. oz. Item No. 82-288

Screw Cap

12/32 fl. oz. Item No. 82-289
4/128 fl. oz. Item No. 82-291

2% Chlorhexidine Gluconate Solution

Flip Top

48/4 fl. oz. Item No. 82-319
