

PRO SERIES

PROTECTIVE PACKAGING SOLUTIONS

Nassco® Pro Series protective packaging solutions come in multiple sizes and forms for secure and protected shipping of your valuables. We carry **protective air bubble** and **foam rolls, dispenser packs, pouches, mailers,**

AIR BUBBLE ROLLS

- In both perforated and non-perforated rolls, air bubble sheeting makes excellent cushioning and void fill, as well as protection against shock, abrasion and vibration in shipping
- The heavier the items being shipped, the higher the bubble height you should use
- Sold in 48" master bundles, which can be custom cut to any roll width
- Stock perforated air bubble rolls are cross-perforated every 12" for easy tear-off

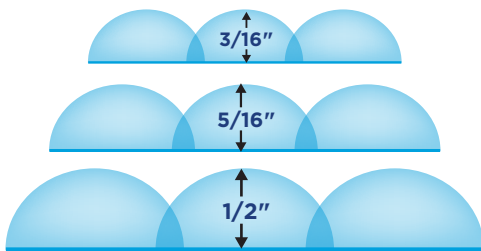

Customizing your air bubble rolls?

Specify these 3 things:

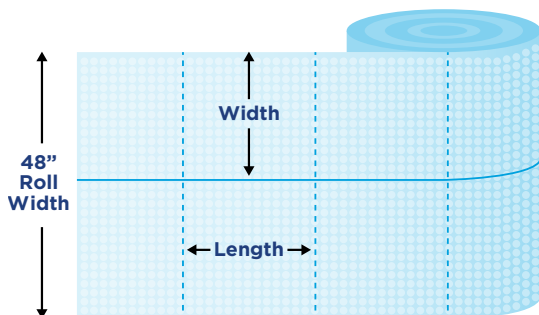

- Bubble Height
- Roll Width
- Perforation Length

How To Measure Air Bubble Height

How To Measure Air Bubble Rolls

To customize, specify your width cut dimensions to total 48", and your perforation length dimension.

Nassco® Pro Series Non-Perforated Air Bubble Rolls

Item #	Bubble Height	Application	Roll Length	Roll Width	Rolls/Bundle
N-02635	3/16"	Light weight items, interleaving	750'	6"	8
N-02638			750'	8"	6
N-02570			750'	12"	4
N-02571			750'	16"	3

N-02494			250'	48"	1

and **anti-static solutions** to fit your need and application. We can also **customize your air bubble and foam rolls** to whatever length and width you need. Once we have your specifications on file you can reorder any time.

AIR FOAM ROLLS

- Non-abrasive, light weight air foam rolls are filled with thousands of cushioning air cells to protect products in shipping
- The heavier the items being shipped, the thicker the foam sheeting you should use
- Moisture resistant, shock-absorbing foam protects delicate items, providing light cushioning and surface protection
- Sold in 72" master bundles, which can be custom cut to any roll width
- Stock perforated air foam rolls are cross-perforated every 12" for easy tear-off

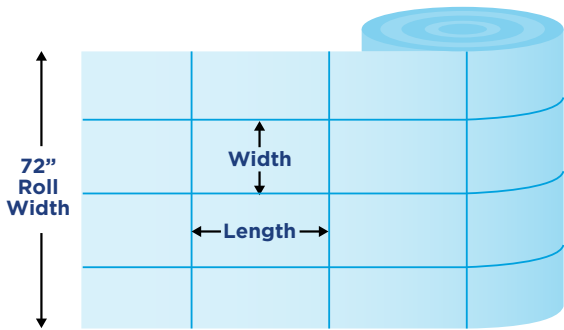

Customizing your air foam rolls?

Specify these 3 things:

- Foam Thickness
- Roll Width
- Perforation Length

How To Measure Air Foam Rolls

To customize, specify your width cut dimensions to total 72", and your perforation length dimension.
