## **DRIVING INNOVATION FORWARD.**

The extremely agile walk-forward extractor and interim cleaner.

# Walk forward extraction.

It has never been easier and more enjoyable to clean your carpets! Designed to be the ultimate in maneuverability and productivity, the Armada® BRC 40/22 is driving innovation forward. Enjoy the superior ergonomics of extracting while walking forward! The extractor deck rotates to allow cleaning in any direction. This new extractor provides anywhere from 30-60% productivity improvement in addition to reduced dry times. Our cleaning technology conveniently provides productive interim & deep extraction cleaning in one machine. Clean your carpets with the efficiency and speed never before seen.

## 1 Walk forward ergonomics

- The only self-contained walk behind extractor to allow for forward movement
- Steerable extractor head provides excellent maneuverability in any direction
- Adjust the steering wheel to any operator height for optimum ergonomics

## 2 Easy maintenance

- The brush and vacuum shoe require no tools to save time during daily cleaning and maintenance
- In line solution filter is easy to access and can be removed with solution in tank

## 3 Set it and go

- Single dial to select mode of operation is intuitive and makes for easy training

## 4 Real world practicality

- Ecoefficiency mode is quiet and perfect for daytime cleaning
- Our cleaning technology provides a 40% reduction in carpet dry times
- Cord management system keeps cord out of the way during operation

## 5 Productive interim mode

- Interim encapsulation cleaning technology provides a way to get your carpet cleaner faster with longer lasting results
- Carpets cleaned with interim encapsulating chemical are ready for traffic in approximately 20 minutes
- Interim cleaning process extends the time between scheduled deep extractions saving you time and money

# Technical data and equipment.

**ARMADA® BRC 40/22 C**

## TECHNICAL SPECIFICATIONS
