

SCOTCHGARD™ CLASSIC FLOOR FINISH SYSTEM

Beautiful Floors Made Easy

3M offers a full line of floor finishes to meet your facility's unique and varied hard-floor needs. With excellent shine and durability, the floor finishes in the Scotchgard™ Classic Floor Finish System are easy to apply and easy to repair, giving you the high gloss and scratch resistance you want. And they're formulated to be easier on the environment. That's beautiful floors made easy.

Features and benefits:

- Quickly build gloss levels in fewer coats
- High-abrasion resistance reduces soiling and scratching
- Available in convenient bags for use with the 3M™ Easy Shine Applicator system
- The 3M™ Easy Shine Applicator system helps reduce labor costs by as much as 70% and finish usage by up to 35%

An environmentally preferable solution:*

- Does not contain alkylphenol ethoxylates
- Up to 10 times greater durability than competitive floor finishes which reduces the use of floor stripping chemicals, the need to recoat floors and the environmental impact of hard floor maintenance
- Meets California (CARB) 2010 standards for VOCs in floor finishes

Customer Feedback:

With my building's traffic flow, I need a high shine every time — and it has to be easy and quick. I'm never disappointed with the floor finishing system. It's tough and gives the clean, polished look I'm after. A great choice.

With no alkylphenol ethoxylates, this system produces floors that have up to 10 times the durability of floors finished with competitor's products, making it an environmentally preferable solution.*

Improved Scotchgard™ Classic Floor Finishes

Scotchgard™ UHS 25 Floor Finish

- Best choice for high-traffic areas such as retail, Class A and high-profile buildings, as well as for high-traffic entryways and hallways
- Quick-drying, easily repaired coating maintains deepest “wet look”
- Best choice for resilient tile and terrazzo floors with high-frequency burnishing programs and for use with ultra high-speed burnishing equipment
- High solids - 25%

Scotchgard™ Low Maintenance 25 Floor Finish

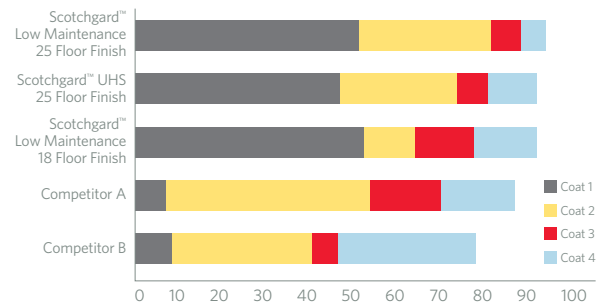

- Best choice for low-to-medium traffic areas such as patient rooms, classrooms and offices
- Exceptionally tough and durable; dries quickly for outstanding image and film clarity
- Best choice for resilient tile and terrazzo floors with lower-frequency burnishing programs; easy to repair with ultra high-speed burnishing equipment
- High solids - 25%

Scotchgard™ Low Maintenance 18 Floor Finish

- Good choice for lower traffic areas such as patient rooms, classrooms and offices
- Good choice for lower-frequency burnishing programs; responds to spray buffing and burnishing equipment of any speed
- Economical, all-purpose finish - 18% solids

GLOSS LEVELS (60 DEGREES)

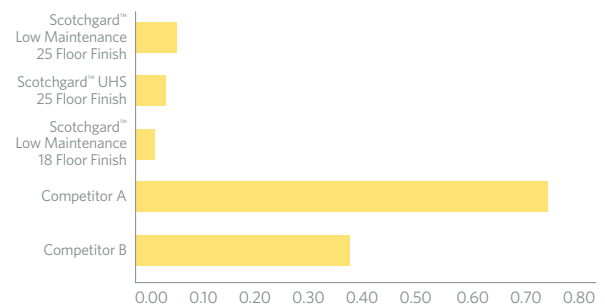

60-Degree Gloss on Black Tiles (ASTM 1455-87)

Improved Scotchgard™ Classic Floor Finishes exhibit quickly building gloss levels superior to top competitors and to existing 3M™ finishes. Even the lower solids finish, Scotchgard™ Low Maintenance 18 Floor Finish, attains significant 60-degree gloss in just 4 coats.

ABRASION RESISTANCE

Weight Loss in Grams During Taber Abrasion Test, 4 Coats of Finish (ASTM D 4060)

Item #	Product Name	Quantity/Size	Description
59279	Scotchgard™ Low Maintenance 18 Floor Finish	2—2.5-gallon bottles; case	Low maintenance, economical floor finish. Quick-drying formula is responsive to spray buffing and burnishing. Use on most hard floors maintained with machines of any speed.

55434	3M™ Easy Shine Applicator Pad, 18 in.	2 pads/pack - 5 packs/case	Dual fiber construction with easy glide stripes.
59017	3M™ Easy Scrub Plus Flat Mop (shaggy), 18 in.	10 pads/bag - 4 bags/case	For applying floor cleaner to ceramic, tile, quarry tile or raised rubber flooring.

Protection that pays

* Environmentally preferable products are defined in the Instructions for Implementing Executive Order 13423, titled “Strengthening Federal Environmental, Energy, and Transportation Management” as products or services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose. This comparison may consider raw materials acquisition, product, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the product or service.
