GOJO® Foodservice Hand Hygiene Program

Trust The Hand Hygiene Experts

The Hand Hygiene Experts

No other company dedicates themselves to the health and well-being of your employees' and guests' hand hygiene the way GOJO does.

Your business is selling and serving food. The last thing you should have to worry about is the spread of germs, either by employees or your guests. That's where GOJO comes in. GOJO has developed an array of products and programs designed to take the worry out of hand hygiene in the kitchen, restrooms and dining area. You can trust GOJO to design a hand hygiene program to meet your needs. GOJO – the Hand Hygiene Experts.

Only GOJO Provides:

Extensive Science based on decades of hand hygiene research and regimen testing.

Unparalleled Innovation using advanced technologies, including MICRELL® Antibacterial Foam Handwash, GOJO® Luxury Foam Soap and PURELL® - America's #1 Brand of Instant Hand Sanitizer. In addition, our TFX Touch-Free and FMX Manual Foam Dispensing Systems provide ease-of-use, and our Sanitary Sealed refills are designed to be germ-free.

Comprehensive Support including hand hygiene training programs, compliance monitoring systems and our Customer Quality Center for technical support.

You won't find this level of expertise anywhere else.

Exceed Guest Expectations With PURELL® Out Front™

Times have changed. Your guests are more demanding than ever before. They expect great food, great service, and a clean, germ-free restaurant. Restaurants that can meet these guest needs are more likely to build repeat business. GOJO - the inventors of PURELL, can help.

By tailoring a GOJO hand hygiene program for your guests, you are creating a point of distinction that shows you care about their well-being. GOJO can help you exceed guest expectations and drive repeat business.

PURELL is available in a variety of formats to help reduce the spread of germs in your guest areas.

- **Drive Thru** – Individually-wrapped PURELL Sanitizing Hand Wipes offer your guests a convenient and quick way to sanitize hands for on-the-go lifestyles
- **Seating Area / Restrooms** – PURELL foam provides protection from most common germs and is available in touch-free or manual dispensing systems
- **Wait Staff** – 2 oz. PURELL Personal bottles show your guests and employees your commitment to their well-being and cleanliness

Protect Your Guests

Science Based Hand Hygiene Regimens For Your Protection

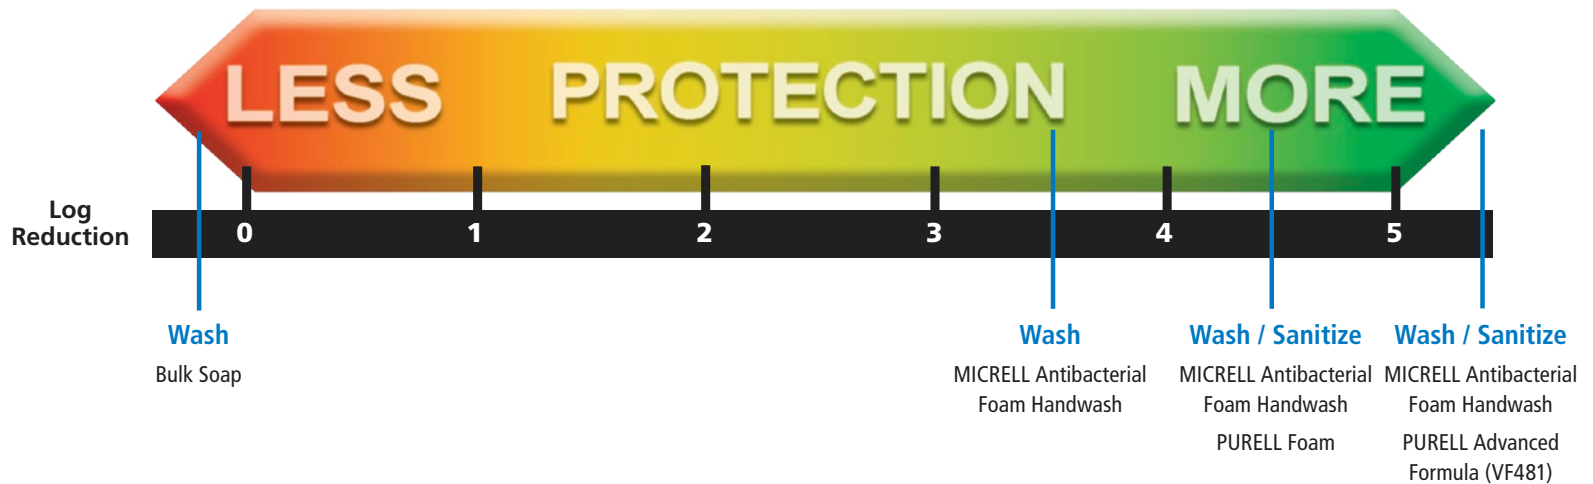

Hand contaminated with bacteria commonly found in foodservice environments after washing with bulk soap

GOJO has conducted extensive research across a variety of handwash / hand sanitize regimens. Not all soaps and regimens are the same.

Whatever type of food you serve, GOJO can develop a handwash / hand sanitize regimen to help reduce your risk, build compliance and protect your business.

GOJO Wash / Sanitize Regimen Risk Reduction Model

Reduce Your Risk In Employee Work Areas

As the hand hygiene experts, GOJO goes the extra step to ensure you have the most comprehensive hand hygiene program available for your business, including compliance monitoring tools, training programs, and the SIGNOL™ Handwash Counter along with industry-leading products designed with the Foodservice worker in mind.

- **MICRELL® Antibacterial Foam Handwash** – highly effective against bacteria commonly found in a Foodservice environment, with a light scent and effective degreasing agent. Superior efficacy compared to leading competitive products.

- **PURELL® Instant Hand Sanitizer Advanced Formula (VF481™)** – with broad spectrum efficacy, for superior hand hygiene. Food Code Compliant.¹

- **PURELL Instant Hand Sanitizer Foam** – highly effective against bacteria, with emollients that leaves skin feeling soft and smooth even after repeated use. Food Code Compliant.¹

GOJO offers a variety of state-of-the-art delivery systems, including our TFX™ Touch Free dispensers and FMX™ durable manual dispensers – all are easy to install, easy to use and easy to maintain.

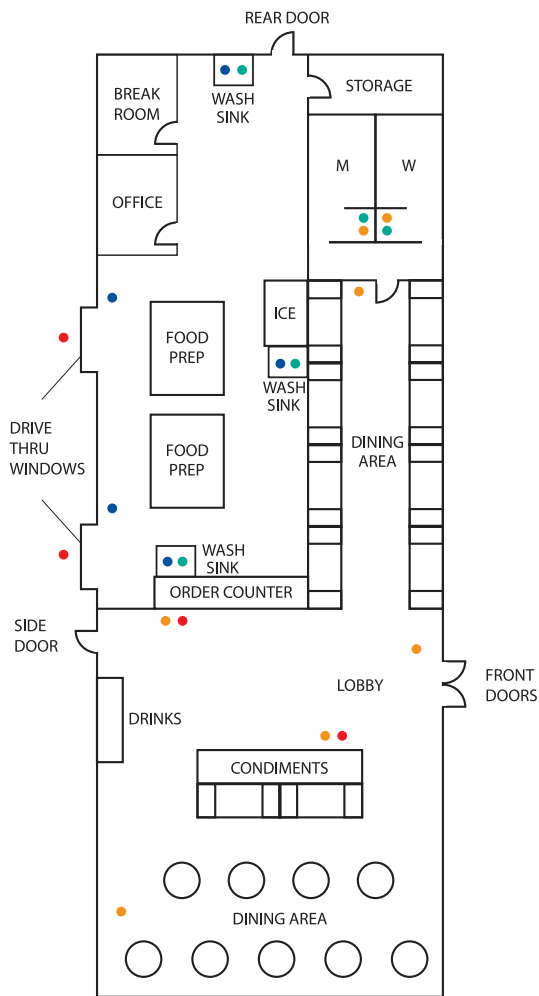

1. Meets Food Code Hand Sanitizer criteria section (2-301.16) published by the FDA
