

Simplify Hand Hygiene Compliance

It's as easy as 1, 2, 3

Effective

Products that balance efficacy and skin mildness with brands people know and trust.

GOJO® E1 Foam Handwash

- Proven to maintain skin moisture levels
- Mild enough for high frequency washing
- No added dyes or fragrances

GOJO E2 Foam Sanitizing Soap

- One-step handwash and sanitizer
- Effective against common food borne pathogens
- No added dyes or fragrances

PURELL® E3 Instant Hand Sanitizer

- No rinse hand sanitizer
- Effective against common foodborne pathogens

The risk of cross contamination exists everywhere there are employees.

Poor employee hygiene can cause litigation, brand damage, quality degradation, retained product and down time.

It can cost you time, money, reputation. . .and customers.

Compliant

- Meets guidelines for Hand Hygiene Compliance
- Kosher certified products
- Documentation to demonstrate

Simple

A system to overcome common obstacles of effective implementation

- Visual cues of shapes, colors and numbers help workers identify and differentiate between products.
- The visual cues also help inspectors and customers recognize and understand your hand hygiene program.
- The GOJO Hygiene Management System offers a training program that is language-neutral to teach workers why, when and how to use the program.

Make good hand hygiene a part of your hand hygiene program.
