

Because their job is DANGEROUS ENOUGH.

GOJO® Law Enforcement Hand Hygiene Program

# CATCH

**CATCH** the high risk criminals...

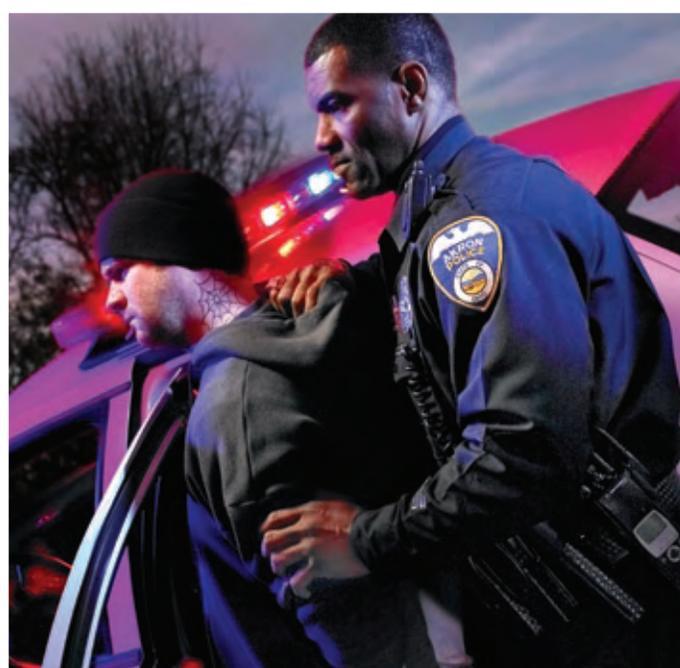

without picking up  
**INVISIBLE PREDATORS.**

Unknown risks are part of daily life for law enforcement professionals. Your force is trained to identify risky behavior and act accordingly. But how do they protect themselves from invisible predators – unknown germs that may be passed on to them during arrest or apprehension?

**Law enforcement jobs are dangerous enough.**

Lack of access to personal hygiene can put an officer's health at risk – a risk that can easily be avoided.

**Don't put YOUR FORCE at risk.**

# GOJO® helps your force FIGHT the SPREAD of GERMS.

GOJO offers a complete program to help law enforcement professionals minimize the risk of community acquired illness. The program combines PURELL®, America's #1 instant hand sanitizer, with GOJO soaps, wipes and hand cleaners, for powerful defense against dirt and germs throughout your law enforcement facilities.

## The GOJO program can help you meet regulatory guidelines and standards.

The Occupational Safety and Health Administration (OSHA) requires that employers make handwashing facilities or antiseptic products available to employees with potential blood borne pathogens contact. PURELL is available in package sizes that are ideal for officers "on the go" or "in the car".

In addition, major world health organizations, including the Centers for Disease Control and Prevention (CDC) and the Public Health Agency of Canada, recommend hand hygiene strategies that include handwashing and alcohol based hand sanitizer.

## Squad Cars

**Problem:** *Risk of unknown catastrophic illness*

- Frequent contact with people
- High likelihood of contact with blood borne pathogens or body fluid
- No immediate access to soap and water

**Solution:** *Proper use of PPE, hand hygiene and education*

- Include PURELL in the FST bottle as part of your PPE – durable bottle, tough enough for military use; fits easily into duty bags or personal vests
- Use PURELL Sanitizing Hand Wipes – individually wrapped; fits in pocket or glove compartment

## A COMPLETE LAW ENFORCEMENT SOLUTION.

GOJO helps you reduce the risk with a comprehensive solution covering every possible area where your force may come in contact with dirt and germs.

## Gym / Locker Room

**Problem:** *Sweat and body fluid on shared equipment*

- Close communal contact
- Hand and body contact with fitness equipment

**Solution:** Give germs the one-two punch

- PURELL Sanitizing Wipes – ideal for quick clean-up between exercise routines
- GOJO Luxury Foam Hair & Body Wash – the ideal solution for showers and sinks

## Incarceration & Holding Areas

**Problem:** *Entry of germs into confined shared quarters*

- Initial wash down of incoming inmates
- Contaminated holding areas and cells
- High potential to spread infectious disease to others

**Solution:** *A complete program for inmate hygiene*

- PROVON Antibacterial Body Wash – the same product used in hospitals
- GOJO Hair and Body – the ideal solution for showers
- PURELL Instant Hand Sanitizer

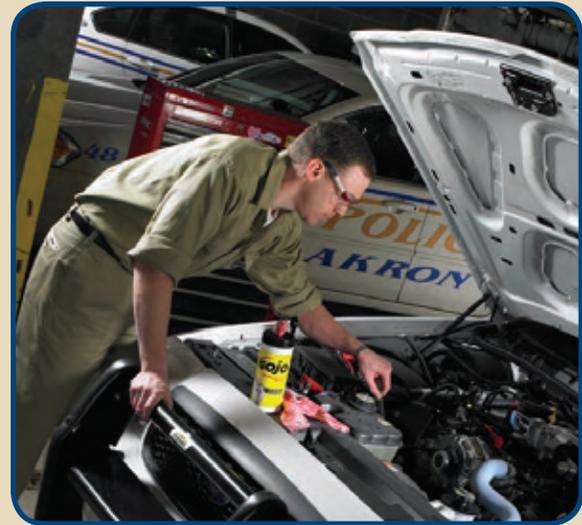

## Firing Range

**Problem:** *No place to clean up*

- Soils, gunpowder residue, gun oil, cordite
- No access to soap and water

**Solution:** Mobile heavy duty hand cleaner wipes

- GOJO Scrubbing Wipes – GOJO cleaning power in a durable textured wipe

## Garage

**Problem:** *Damaged hands and tough, greasy soils*

- Tough soils, dirt and grease
- Hazardous chemicals
- Skin cuts and scrapes

**Solution:** GOJO, America's #1 hand cleaner brand

- GOJO Scrubbing Wipes – GOJO cleaning power in a durable textured wipe
- GOJO SUPROMAX™ Cherry – For a wide range of soils
- GOJO HAND MEDIC® Skin Conditioner – proven results in improving skin condition when used as part of GOJO hand care regimen

## Office & Processing Areas

**Problem:** *Dirt and germs spread by hands*

- Close quarters
- High public contact areas
- High potential for germs to spread

**Solution:** Stop dirt and germs in their tracks

- GOJO FAST WIPES® for easy clean up after fingerprinting
- GOJO foam soap formulas for washrooms
- PURELL Instant Hand Sanitizer for desks, waiting rooms, service areas and entryways

## Recruit Training

**Problem:** *Germs transferred by shared equipment*

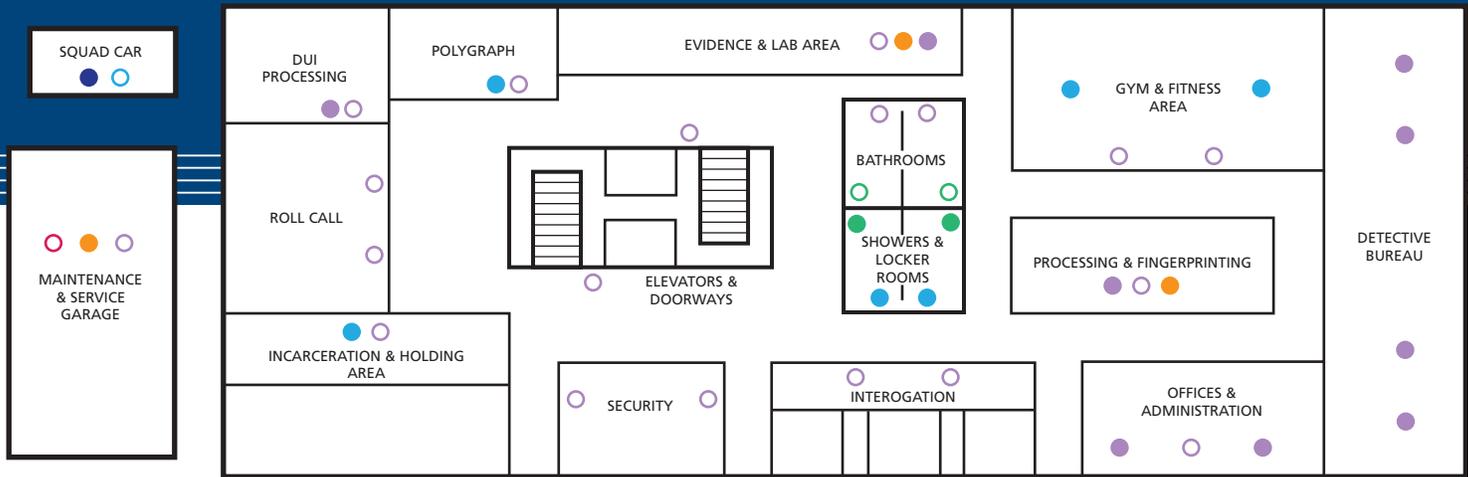

- Hand and body contact with shared surfaces
- Close communal environment

**Solution:** GOJO, It's the brand people know and trust

- PURELL Sanitizing Wipes – ideal for quick clean-up between training sessions
- GOJO Luxury Foam Hair & Body Wash – the ideal solution for showers and sinks

# A powerful force in reducing risk for YOUR FORCE.
