Compare the GOJO® CXac™ System to traditional counter mount dispensers:

	GOJO CXac System	Traditional Counter Mount Dispensers
Soap	Luxurious foam soap	Liquid soap
Servicing	Simple — just snap in SANITARY SEALED™ refill	Time-consuming and messy top-fill. You know system is full when it overflows.
Under Sink Area	Neat and clean	Messy — soap build-up
Reliability	3-year guarantee on dispensers	Dispensers frequently need to be repurchased
Soap Reservoir	New bottle and pump with each refill	Continually reused — leads to clogs, drips and possible product contamination

1500 mL Refill

* This product meets the Green Seal™ and Eco Logo™ environmental standard for institutional hand cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.

Chrome Finish Dispenser

High capacity 1500 mL refill

- More dispenses per refill
- Less chance for system to be out of soap
- Reduced labor cost

1 Green Seal is an independent, non-profit organization that strives to achieve a healthier and cleaner environment by identifying and promoting products and services that cause less toxic pollution and waste, conserve resources and habitats, and minimize global warming and ozone depletion. Green Seal has no financial interest in the products that it certifies or recommends nor in any manufacturer or company. Green Seal's evaluations are based on state-of-the-art science and information using internationally recognized methods and procedures. Thus, Green Seal provides credible, objective, and unbiased information whose only purpose is to direct the purchaser to environmentally responsible products and services.

2 The EcoLogo Program, North America's largest and premiere ecolabeling program, provides a market incentive to manufacturers and suppliers of environmentally preferable products and services, and thereby helps consumers identify products and services that are less harmful to the environment. Established in 1988, the ECP was the second national ecolabeling program in the world.
