

Touch-free, trouble-free hand hygiene.

GOJO® TFX™ Touch Free Dispensing System

No touch. No Problems.
Guaranteed.

When people want to get their hands clean, the last thing they need is to touch a dirty dispenser. With the TFX™ Touch Free Dispensing System, there's nothing to touch – just place hands below. The future of hand hygiene is touch free.

Reliability Guaranteed.

You get all the benefits of touchless without the worry of whether your dispenser is working. In fact, it's so reliable, performance is guaranteed.

Clean hands, kill germs and enhance

ALL

So advanced,
yet so simple.

GOJO foam soaps... the new standard for handwashing.

Users prefer foam soap to liquid. It's a more pleasant experience. Luxurious GOJO soap formulas provide rich, thick lather with fresh new fragrances and conditioners.

Support a **CLEAN** environment.

Soap formula options include GOJO Green Certified Foam Hand Cleaner*. Rich, luxurious lather, in a formula that meets Green Seal™ and EcoLogo™ environmental standards.

CCD-104,
Hand Cleaner

* This product meets the Green Seal™ and EcoLogo™ environmental standard for institutional hand cleaners based on its reduced human aquatic toxicity and reduced smog production potential.

PURELL®...the brand people know and trust.

PURELL, America's #1 brand of instant hand sanitizer, kills 99.99% of most common germs that may cause illness.

In one recent study, healthcare workers sanitized their hands 20% more often when PURELL was provided in a touch-free dispenser!³ If you're serious about reducing the spread of germs, you'll want to provide PURELL in the TFX dispenser.

WITH ONE SYSTEM!

- 1200 mL high-capacity refill
- Dispenser turns off automatically when dispenser is opened
- Skylight makes it easy to see when it's time to reload
- Fully ADA compliant, UL/CE registered
- LED light shows that dispenser is ready for use

- Automatically dispenses - nothing to touch
- GOJO SANITARY SEALED™ refills lock out germs
- Refill snaps into place with an audible click
- 30,000 uses from three standard C-size alkaline batteries (included)
- Fresh dispensing valve with every refill

25% of **bulk soap dispensers** were contaminated with bacteria.

A recent study,⁴ conducted by microbiologists at the University of Arizona, found that **25% of bulk soap dispensers** (the kind you refill from a gallon jug) contain soap with unsafe levels of bacteria. Fecal-based organisms were found in 16% of the samples. Washing with contaminated soap could actually place bacteria on your hands.

Is it worth the risk?
