

PURELL® Advanced Instant Hand Sanitizer

Enhanced efficacy in skin-friendly formulations

PURELL Advanced Instant Hand Sanitizer formulations outperform other hand sanitizers ounce for ounce.¹

Enhanced Product Line Upgrade

PURELL Advanced Instant Hand Sanitizer is available in original, aloe and skin nourishing formulations.

- Proven to kill 99.99%² of germs on hands, not just in the lab
- Clinically proven effective in helping to maintain skin health³ — skin moisture and skin feel
- Available in multiple gel and foam formats and dispensing options

PURELL Advanced Instant Hand Sanitizer is part of a complete line of gentle and effective hand hygiene products from GOJO Industries. For more information, call 800-321-9647.

GOJO continues to bring you the best in innovation with this product line enhancement. New PURELL Advanced Instant Hand Sanitizer formulations are a breakthrough in next-generation skincare.

Available in Formats and Dispensing Systems to Meet All Needs

New PURELL® Advanced formulations are available in many formats and delivery systems to meet the needs of your facility. This full range of options helps ensure control of pathogens and good skin health in even the most demanding environments.

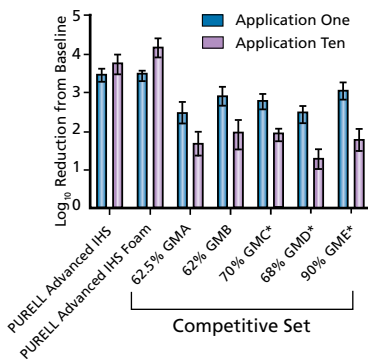

The Science Behind New PURELL Advanced

PURELL Advanced Instant Hand Sanitizer is a scientific breakthrough based on strengthening the power of alcohol so it can penetrate the cell membrane more effectively, maximizing its destructive power.

At the same time, these formulations enhance the skin of even the most frequent users. PURELL Advanced formulations have greater bacteria killing power and are more effective with repeated use.

In vivo efficacy data¹ (2 ml application)

Greater Germ Killing Power

*All ethanol concentrations are reported as v/v in this chart, however the products which are asterisked report ethanol concentration as w/w on label.
