- \*\*\* Based on internal testing.

### **BLEACH-SAFE DURABILITY**

All Rubbermaid Commercial Products microfiber textiles are bleach-safe and proven to last longer and provide better cleaning efficiency than non-bleach-safe textiles.

- Rubbermaid bleach-safe microfiber withstands even the harshest high-PH detergents
- Bleach sanitizes textiles when laundering below 160°F (CDC minimum temperature when not using bleach)
- Bleach (hypochlorite based) solution is the only CDC recognized disinfectant for use in areas where Clostridium difficile or Creutsfeldt-Jacob Disease may be present<sup>2</sup>

CH O

# DID YOU KNOW THAT DUST IS FOOD FOR BACTERIA?

"Dusting and dust mopping in a healthcare environment are critical components to the overall prevention of healthcare-associated infections. Since pathogens use 'dust and dirt' as a food source and mode of transportation, microbes must be removed from surfaces without causing them to become airborne.

Rubbermaid HYGEN™ Microfiber is an excellent platform for providing safe and effective cleaning on healthcare surfaces. In addition, proper dusting prior to damp mopping with Rubbermaid HYGEN™ Microfiber helps eliminate floor hazing."

Marvin Ellsworth, REH Registered Executive Housekeeper Director, Village Shalom

**BENDABLE WAND**Rubbermaid HYGEN™ Flexible
Dusting Wands can be bent to
conform to irregular surfaces for
improved cleaning.

Quick-Connect handle converts dusting wands to extended-reach cleaning tools.

8

# **Surface Cleaning**

**Industry-best Rubbermaid HYGEN™ Microfiber** Cloths include patent-pending zig-zag scrubbing strips and high quality knitting for better absorption and debris pickup. Double-finished edges provide durability and shape retention.

# and Frames

**Rubbermaid HYGEN™ Ouick-Connect** Frames feature a flat profile that slides

# Available in 11", 18", 24", 36", 48", and 60" widths. Durable, patent-pending nylon universal joint provides a full range of motion for efficient cleaning. Rounded plastic end caps help protect walls and furniture.

# easily under furniture and equipment.

non-magnetic aluminum and are safe for use in

Large, comfortable grip provides better stability for cleaning high areas with extension poles.

### **ERGONOMIC DESIGN FOR WORKER COMFORT**

One-step Quick-Connect mechanism makes mop assembly and frame changes fast and easy.

minimize awkward hand positions when cleaning with a "figure 8" motion.

**Rubbermaid** 

**Commercial Products** 

### **SECURE MOP ATTACHMENT**

Aluminum frames have removable hook-and-loop strips on the underside for attaching mops. Replaceable strips slide into channels and are held in place by removable end caps.

**Convert any threaded** tool to Quick-Connect with the Rubbermaid **HYGEN™** adapter.

Features a unique pull-type squeegee for

water and debris collection.

### Q701 QUICK-CONNECT

Use Rubbermaid HYGEN™ Ouick-Connect handles and extension poles with any standard threaded tool.

# **Microfiber Buckets**

Rubbermaid HYGEN™ Microfiber Buckets complete a highly efficient, flat mop cleaning system for healthcare and sanitary maintenance applications.

# Q950 CHARGING BUCKET

Designed especially for healthcare damp mopping. Mops wick just enough liquid for damp cleaning with quick dry time.

DESIGNED TO FIT ALL RUBBERMAID HYGEN™ CLEANING CARTS.

### **REDUCE CROSS-TRANSMISSION**

- All-plastic sealable bucket holds 10–20 microfiber damp mops
- Each mop holds enough liquid to clean up to 250 sq ft
- Helps reduce cross-transmission when a clean mop is used for each room or area

After adding cleaning solution, load mops into bucket face down, lock the lid in place, and shift the bucket from side to side or store upside down for up to 12 hrs to moisten the mops.

Bucket design prevents over-saturation of microfiber mops and features a measuring guide for filling with cleaning solution before mops are added.

For use with microfiber flat mops up to 18" in length, when flood cleaning or heavier liquid lay-down is desired.

- Press sieve provides easy, no-touch wringing
- Smooth, non-porous plastic for easy cleaning
- Fits on 9T73 Rubbermaid HYGEN™ Cleaning Cart

Unique, ribbed "washboard" surface removes dirt and debris from mops before wringing.

17

\*Fully loaded bucket (20 mops).

# **Training and Support**

Use the Rubbermaid HYGEN™ Microfiber Cleaning System to its full potential with our detailed task-specific guidelines and comprehensive training materials for ongoing training support.

### **DEDICATED FIELD SUPPORT**

Rubbermaid Healthcare Product Specialists and local sales personnel will conduct site surveys, lead seminars and training classes, and provide post-implementation support and follow-up.

### **E-LEARNING TOOLS**

You can access online training courses on our dedicated Web site 24/7 at your convenience. Log on to www.rcpuniversity.com.

### **MICROSITE**

The Rubbermaid HYGEN™ microsite features detailed product information, electronic versions of support materials, and an online calculation tool to help you build a complete cleaning system. Log on to www.rubbermaidhygen.com.

## HEALTHCARE TRAINING KIT

The HYGEN™ Healthcare Training Kit includes everything you need to ensure optimal cleaning results.

- HD Training Videos
- Process Checklists
- Best Practice Guides
- Awareness Posters
- Product Use Manual
- HYGEN™ Product Brochure
- Agreement Letter

### PROCEDURAL TRAINING VIDEOS

Task-specific HD videos for training cleaning professionals. Each video shows step-by-step best practices, covering topics from cleaning occupied patient rooms to cleaning operating rooms and setting up the cart.

"The training videos stand out as an industry best practice."

Linda K. Groah, RN, MSN, CNOR, CNAA, FAAN, CEO/Executive Director, AORN

"You can't imagine what a treasure these videos will be for Environmental Services and Infection Preventionists."

Nancy B. Bjerke, BSN, RN, MPH, CIC Infection Control Consultant, APIC

"I am very impressed with the videos because you incorporated best practices from ASHES, APIC, IEHA and AORN."

J. Darrel Hicks, BA, REH, CHESP and author of "Infection Control for Dummies"
