Tork Elevation Intuition Electronic Roll Towel Dispensing System

Introducing a new way to simplify the restroom experience. The Tork Elevation Intuition Dispenser presents the most advanced electronic system in the industry today, fine-tuned to deliver less effort, less mess, less noise. **Just one less thing to worry about.**

Less waste

- One-at-a-time automated dispensing means less towels being used in your restrooms, which means less waste, cost and clutter.

Lower cost

- Guaranteed 10% reduction in overall cost vs. folded towels.

Fewer germs

- No-touch dispensing keeps hands cleaner longer, and the seamless design means less places for germs to hide.

Less noise

- The highest quality motor and electronics in the industry keep things quiet.

Low maintenance

- No special tools needed to adjust sheet length. LED refill and low battery light indicators alert your staff. Lock operates in key or keyless push button mode. H1 refills work with both Tork Matic and Tork Intuition dispensers.

Small footprint

- 100% recycled refills help keep your business sustainable. Plus, the new design takes up less space.

No fuss

- The reliable electronic motor, better sensor response, improved user graphics, and integrated brake arm for better dispensing make it even easier to use.

Easy installation

- Spirit level and slotted mounting keep setup simple.
