

CLEANING MOP HEADS

Tools Needed

- Dirty Mop(s)
- Mop Bucket and Wringer

Product Needed

Spic and Span® Floor Cleaner with Bleach

FREQUENCY OF CLEANING: Clean mop heads daily. Change mop head when it becomes permanently soiled or worn.

SPECIAL DIRECTIONS FOR THIS TASK: If sensitivity to cleaning solutions is a concern, wear disposable gloves.

STEP 1

- Fill 4-gallon mop bucket to fill line with warm water.
- Add 1 packet cleaner with bleach.

STEP 2

- Place one dirty mop in the bucket containing cleaning solution and move mop up and down until completely wet.

STEP 3

- Soak mop head in hot solution in mop bucket for 15 minutes.

STEP 4

- Move mop up and down in solution.

STEP 5

- Twist mop in wringer and wring out as much cleaning solution as possible.

STEP 6

- Remove the mop from the wringer and take it to the mop sink.
- Run clean, hot water through the mop head at the mop sink until completely rinsed.

STEP 7

- Place mop back into wringer and wring out as much water as possible.

STEP 8

- Hang mop upside down to air-dry.

STEP 9

- Empty mop bucket in mop sink and rinse bucket with warm water.
- Return mop bucket to designated storage area.

STEP 10

- If used, remove and discard disposable gloves.
- Wash hands before returning to service area.
